# Programme

The Fellowship is a 10-month tailored learning and development programme for leaders and changemakers working in Global South grassroots and civil society organisations.

CCF will help participants to

- fundraise for their projects and programmes,
- successfully implement and measure the impact of their projects and programmes and
- build and grow a supportive peerlearning and -mentoring community.

Fellows will receive integrated training and facilitated peer group support in three streams:

### MENTORING

Participants will develop, practice and apply key mentoring skills, competencies and tools to grow and support their colleagues and partners to grow. Trained and matched in two-way peer to peer mentoring relationships, participants will develop and apply mentoring skills to enhance their leadership potential and tackle key challenges together.

### LEADERSHIP

Participants will enhance their ability to <u>'Lead Beyond Authority</u>', enabling them to engage more effectively with donors and stakeholders. They will also learn the coaching approach to leadership and share personal challenges through peer group coaching.

## **SKILLS-BUILDING**

Practical workshops and tailored technical assistance on proposal writing and project management. Fellows will receive ongoing support and mentorship from the GDF team throughout the Fellowship.

The table below shows the full programme of the fellowship, which runs from 1 November 2023 to 29 August 2024. Fellows are expected to participate in all online events of the fellowship.
